

Cock·tail

The first printed definition of the word cocktail came from the Hudson, New York newspaper *The Balance and Columbian Repository* in 1806. When asked by a subscriber what this new word cock-tail meant, the editor replied:

“Cock-tail is a stimulating liquor, composed of spirits of any kind, sugar, water, and bitters – it is vulgarly called bittered sling, and is supposed to be an excellent electioneering potion, ‘inasmuch’ as it renders the heart stout and bold, at the same time that it fuddles the head. It is said, also to be of a great use to the democratic candidate: because a person, having swallowed a glass of it, is ready to swallow anything else.”

Whiskey & Water strives to keep our cocktail recipes the same as when they were originally created.

We want to honor those pioneers who came before us and share with you their history.

The Old Fashioned Old Forester Statesman - 20 / Old Forester 86 - 16

Simple Syrup & Bitters

While there are many stories as to the origin of the old fashioned, none can claim a date older than 1862. Jerry Thomas's *The Bartender's Guide* (1862) was the first book of drink recipes ever published in the United States. He describes how to make a whiskey cocktail within, that later became known as the Old Fashioned.

Daiquiri No. 3 -13

*Bacardi Rum, Simple Syrup, Lime, Grapefruit, Maraschino Liqueur
-Hemingway style -16*

At the Floridita bar in Havana, Cuba, in the 1930's and 1940's, the daiquiri was king, due in large part to bartenders like Constantino Ribalaigua Vert. His famed Daiquiri No. 3 was consumed in massive quantities by Ernest Hemingway, though he took his "without sugar and double the rum," which became the legendary Hemingway, or Papa Doble, daiquiri.

Sazerac -15

Bulleit Rye Whiskey, Simple Syrup, Bitters -10

The story goes that back in 1838, Creole apothecary Antoine Peychaud invented the Sazerac in his shop at 437 Royal Street. The name of the drink comes from Peychaud's favorite French brandy, Sazerac-de-Forge et fils. Somewhere along the line, American Rye-whiskey was substituted for the cognac and, in 1873, bartender Leon Lamothe added a dash of Absinthe. Soon after, Peychaud's special bitters were substituted in its place.

Hotel Nacional -14

Bacardi Rum, Lime, Pineapple, Apricot Brandy, Bitters

Charles H. Baker's incredible 1939 account of his encounters as a gadabout, *The Gentleman's Companion: Being an Exotic Cookery and Drinking Book*, is full of breathtaking cocktail recipes from around the world, but none compare to his offering from the Hotel Nacional in Havana, Cuba. This famous Havana bar, opened in 1930, played host to a notorious set of celebrities back in its heyday and continues to serve this drink today.

Manhattan -17

Whistle Pig 6 Year Rye, Sweet Vermouth, Bitters, Luxardo Cherry

Popular history suggests that the drink originated at the Manhattan Club in New York City in the mid-1870s, where it was invented by Iain Marshall for a banquet hosted by Jennie Jerome (Lady Randolph Churchill, mother of Winston Churchill). The success of the banquet made the drink fashionable, later prompting several people to request the drink by referring to the name of the club where it originated—"the Manhattan cocktail"

Gimlet -16

Hendricks Gin, Lime, Simple Syrup

The Gimlet's origin isn't clear, but it's believed to have been invented by British Rear-Admiral Sir Thomas Desmond Gimlette in the late 1800's to prevent a deadly Vitamin C deficiency known as Scurvy. Acting as a doctor to sailors, he administered gin with lime in order to mask the bitter taste. So, while scurvy may be a thing of the past, the Gimlet is here to stay

Whiskey Sour -16

Elijah Craig Bourbon, Simple Syrup, Lemon, Orange

When it comes to the official record, there are three main points of reference for the Whiskey Sour. The first written record comes in the seminal 1862 book *The Bartender's Guide* by Jerry Thomas. The next reference comes from, of all places, an 1870 edition of the *Waukesha Plainsdealer*, a Wisconsin newspaper. The final reference to the drink comes two years later, in 1872. A former ship steward, Elliot Staub, "invented" a drink — the whiskey sour — in a bar in Iquique (then part of Peru)

John Collins -16

Four Roses Small Batch, Simple Syrup, Lemon, Lime, Club Soda
Is it named after "The Great Tom Collins Hoax of 1874" or is it named after John Collins, the headwaiter at Limmer's Hotel, Conduit Street, London during the 1870s and 80s? Either way we took the classic Tom Collins Cocktail found in Jerry Thomas's 1862 book *The Bartender's Guide* and made it with Bourbon!

Bourjito -16

Woodford Reserve, Simple Syrup, Limoncello, Mint, Club Soda
As with all cocktail histories, the Mojito's origin story is often disputed, particularly by "La Bodeguita del medio" in Havana, Cuba. This restaurant-bar claims to be the cocktail's birthplace, and enjoys the fame associated with Ernest Hemmingway's praise of their particular version of the drink. The other origin story is In the 1500s, Sir Francis Drake landed in Havana to sack the city of its gold. The invasion was unsuccessful, but luckily for us something good did come of it. His crew were suffering from dysentery and scurvy. Local South American Indians were known to have remedies for many diseases, so a small party went ashore to Cuba and came back with ingredients for a medicine. They used aguardiente de cana, mint leaves, and the juices from sugar cane and limes to put together a tonic which turned out to be effective. Either way; enjoy our Bourbon version!

Moscow Mule -14

Titos, Ginger Beer, Infused Simple Syrup, Mint
The birthplace of "Little Moscow" was in New York's Chatham Hotel in 1941. Three friends were in the Chatham bar, one John A. Morgan; one was John G. Martin; and the third Rudolph Kunett. As Jack Morgan tells it, "We three were quaffing a slug, nibbling an hors d'oeuvre and shoving toward inventive genius". Martin and Kunett had their minds on their vodka and wondered what would happen if a two-ounce shot joined with Morgan's ginger beer and the squeeze of a lemon. Ice was ordered, lemons procured, mugs ushered in and the concoction put together. Cups were raised, and so was lifted the spirit to adventure. Four or five days later the mixture was christened the Moscow mule- *New York Herald Tribune* (1948)
